

{member_name},

We have initiated a survey for our members, which we would appreciate you taking the time to complete. This survey was developed with the input of our [RRDi Medical Advisory Consultants](#), and consists of questions of most concern to these doctors when diagnosing rosacea. The more members respond to the survey, the more accurate and complete will be our picture of the rosacea experience of our extensive community, so your input is highly valued by the RRD.

The survey should take less than 15 minutes to complete, and is entirely anonymous. The compiled results of the survey will be published on the RRD web site and in the next edition of the Journal of the RRD.

You can take the survey by following the directions below:

[Rosacea Survey](#)

We appreciate your continued support of the RRD in helping to find a cure for rosacea. Thanks very much for your participation.

Brady Barrows
RRDi Director

Joanne Whitehead, Ph.D.
RRDi Assistant Director
